Independent Auditor's Report

To the trustees of Mammadu Trust

We have audited the annual financial statements of Mammadu Trust, as set out on pages 7 to 14, which comprise the statement of financial position as at 31 December 2014, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes, comprising a summary of significant accounting policies and other explanatory information.

Trustees' Responsibility for the Annual Financial Statements

The trust's trustees are responsible for the preparation and fair presentation of these annual financial statements in accordance with the Namibian Statement of Generally Accepted Accounting Practice - NAC001: Financial Reporting for Small and Medium Sized Entities and for such internal control as the trustees determine is necessary to enable the preparation of annual financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these annual financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the annual financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the annual financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the trust's preparation and fair presentation of the annual financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the trust's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the annual financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

In common with similar organisations, it is not feasible for the trust to institute accounting controls over donations received prior to the initial entry of the collections in the accounting records. Accordingly, it was impracticable for us to extend our examination beyond the receipts actually recorded.

Qualified Opinion

Except for the effect of the matter described in the paragraph above, in our opinion, the annual financial statements present fairly, in all material respects, the financial position of Mammadu Trust as at 31 December 2014.

Supplementary information

Without qualifying our opinion, we draw attention to the fact that supplementary information set out on page 15 does not form part of the annual financial statements and is presented as additional information. We have not audited this information and accordingly do not express an opinion thereon.

Trustees' Responsibilities and Approval

The trustees are required to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements fairly present the state of affairs of the trust as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with the Namibian Statement of Generally Accepted Accounting Practice - NAC001: Financial Reporting for Small and Medium Sized Entities. The external auditor's are engaged to express an independent opinion on the annual financial statements.

The annual financial statements are prepared in accordance with the Namibian Statement of Generally Accepted Accounting Practice - NAC001: Financial Reporting for Small and Medium Sized Entities and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

The trustees acknowledge that they are ultimately responsible for the system of internal financial control established by the trust and place considerable importance on maintaining a strong control environment. To enable the trustees to meet these responsibilities, the board of trustees sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the trust and all employees are required to maintain the highest ethical standards in ensuring the trust's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the trust is on identifying, assessing, managing and monitoring all known forms of risk across the trust. While operating risk cannot be fully eliminated, the trust endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The trustees are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The trustees have reviewed the trust's cash flow forecast for the year to 31 December 2015 and, in the light of this review and the current financial position, they are satisfied that the trust has or has access to adequate resources to

The external auditor's are responsible for independently auditing and reporting on the trust's annual financial statements. The annual financial statements have been examined by the trust's external auditor's and their report is presented on page 3.

The annual financial statements set out on pages 6 to 15, which have been prepared on the going concern basis, were approved by the board of trustees on 20 July 2015 and were signed on its behalf by:

M.P. Kirsten

Trustees' Report

The trustees have pleasure in submitting their report on the annual financial statements of Mammadu Trust and its associates for the year ended 31 December 2014.

1. The trust

The trust was formed in terms of a donation made and entered into by Mr M.P. Kirsten.

2. Review of financial results and activities

The annual financial statements have been prepared in accordance with Namibian Statement of Generally Accepted Accounting Practice - NAC001: Financial Reporting for Small and Medium Sized Entities. The accounting policies have been applied consistently compared to the prior year.

Full details of the financial position, results of operations and cash flows of the trust are set out in these annual financial statements.

3. Trustees

The trustees in office at the date of this report are as follows:

Trustees

A. Albrecht
M.L. Conradie
K.N. Pohamba-Ndume
L. Kirsten
M.P. Kirsten
P. Bassi
V. Folcher

4. Events after the reporting period

The trustees are not aware of any material event which occurred after the reporting date and up to the date of this report.

5. Auditors

SGA continued in office as auditors for the trust for 2014.

They will continue in office for the 2015 financial year.

Accounting Policies

1. Presentation of annual financial statements

The annual financial statements have been prepared in accordance with the Namibian Statement of Generally Accepted Accounting Practice - NAC001: Financial Reporting for Small and Medium Sized Entities. The annual financial statements have been prepared on the historical cost basis, except for certain financial instruments at fair value through profit and loss, and incorporate the principal accounting policies set out below. They are presented in Namibia Dollar.

These accounting policies are consistent with the previous period.

1.1 Property, plant and equipment

Property, plant and equipment are tangible items that:

- are held for use in the production or supply of goods or services, for rental to others or for administrative purposes; and
- are expected to be used during more than one period.

Property, plant and equipment is carried at cost less accumulated depreciation and accumulated impairment losses.

Cost includes all costs incurred to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Depreciation is provided using the straight-line method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment, which is as follows:

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Property		Indefinite
Furniture and fixtures	Straight line	3 years
Motor vehicles	Straight line	3 years
Office equipment	Straight line	3 years

1.2 Financial instruments

Initial measurement

Financial instruments are initially measured at the transaction price (including transaction costs except in the initial measurement of financial assets and liabilities that are measured at fair value through surplus or deficit) unless the arrangement constitutes, in effect, a financing transaction in which case it is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Mammadu Trust

(Registration number T161/2008)

Annual Financial Statements for the year ended 31 December 2014

Accounting Policies

1.2 Financial instruments (continued)

Financial instruments at amortised cost

These include loans, trade receivables and trade payables. Debt instruments, as defined in the standard, are subsequently measured at amortised cost using the effective interest method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

At each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If there is objective evidence, the recoverable amount is estimated and compared with the carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in surplus or deficit.

Financial instruments at cost

Equity instruments that are not publicly traded and whose fair value cannot otherwise be measured reliably are measured at cost less impairment.

1.3 Revenue

Donations are recognised on the date funds are received by the trust.
